Foster Parents provide temporary care to children that have been removed from their homes due to abuse, neglect or abandonment by their parents or caretakers.

Foster Parents can help by providing the safety, nurturance, guidance and stability to children in need, especially during this difficult time in their lives.

At the present time, we are in need of **Foster Parents** to care for our adolescents, teen moms and their babies, and large sibling groups.

If you are interested in making a difference in a child's life by becoming a **Foster Parent**, please call us at:
